AUTHOR'S WORKBENCH

MEETING PURPOSE

Today’s Goal

- Validate our current understanding of the project, confirm key requirements and priorities, gather feedback on the prototype, and clarify open decisions before the next stage of development.

MEETING AGENDA

1. Confirm our shared understanding of the project scope
2. Review the current prototype
3. Questions & Decisions Needed

Stage 1: Scope Summary & Key Requirements

Primary Goal

Help authors map an existing story structure onto a projected chapter plan based on target word count and average chapter length.

Core Writing / Planning Flow

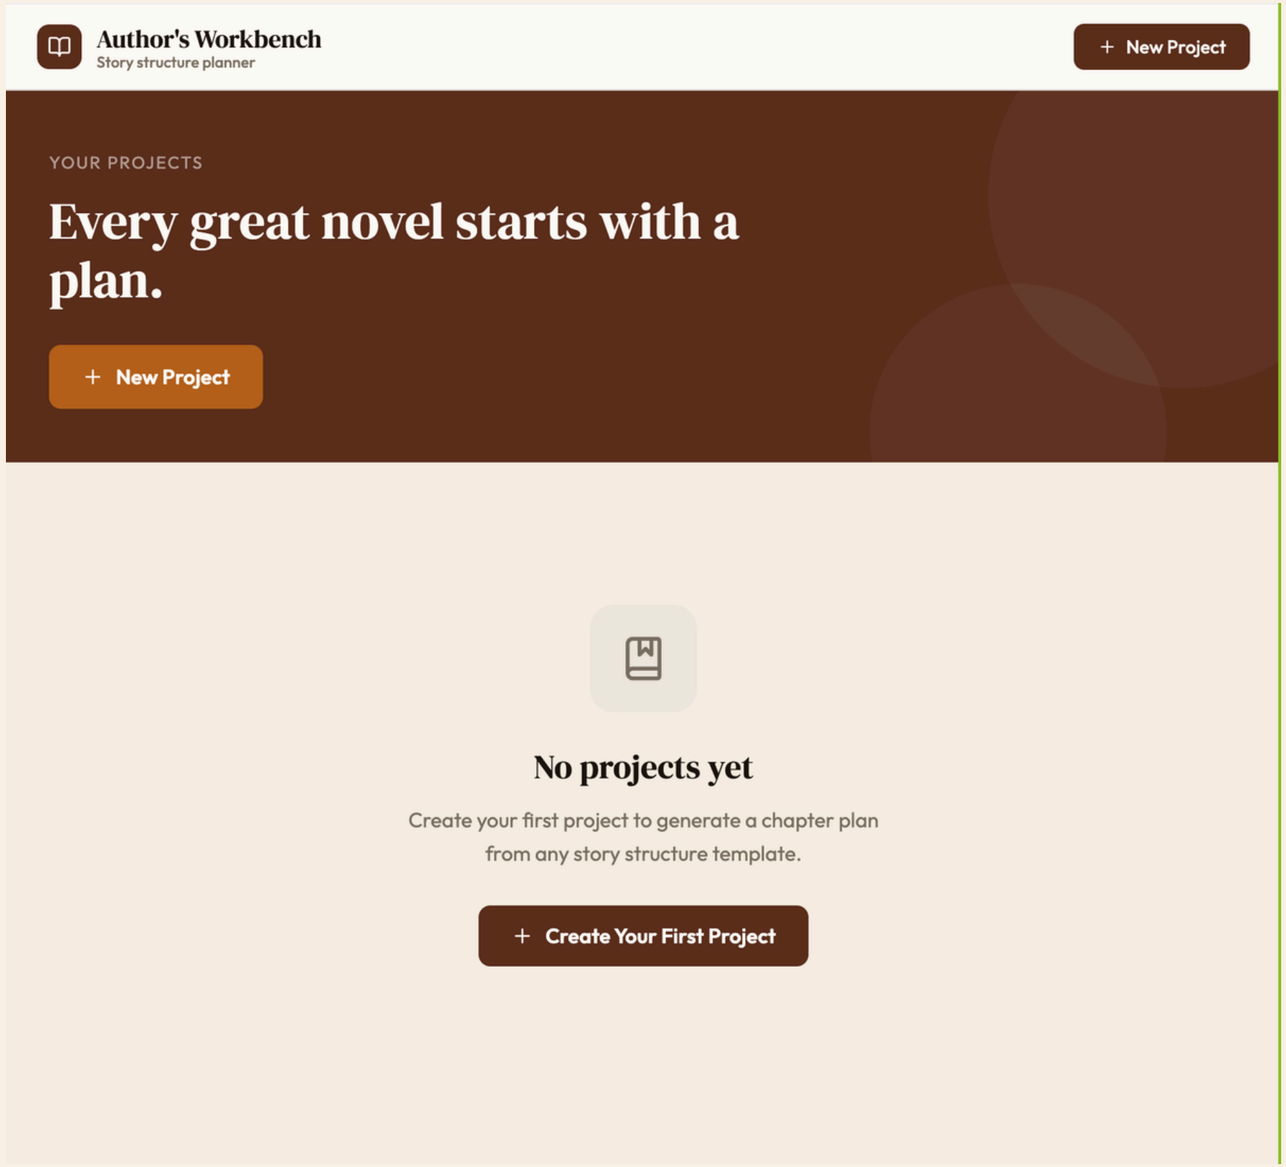

Create Project → Enter Target Word Count + Average Chapter Length → Select Story Structure → Automatically Generate Chapter Plan → View Acts / Beats / Chapters on Timeline → Add Notes / Summaries

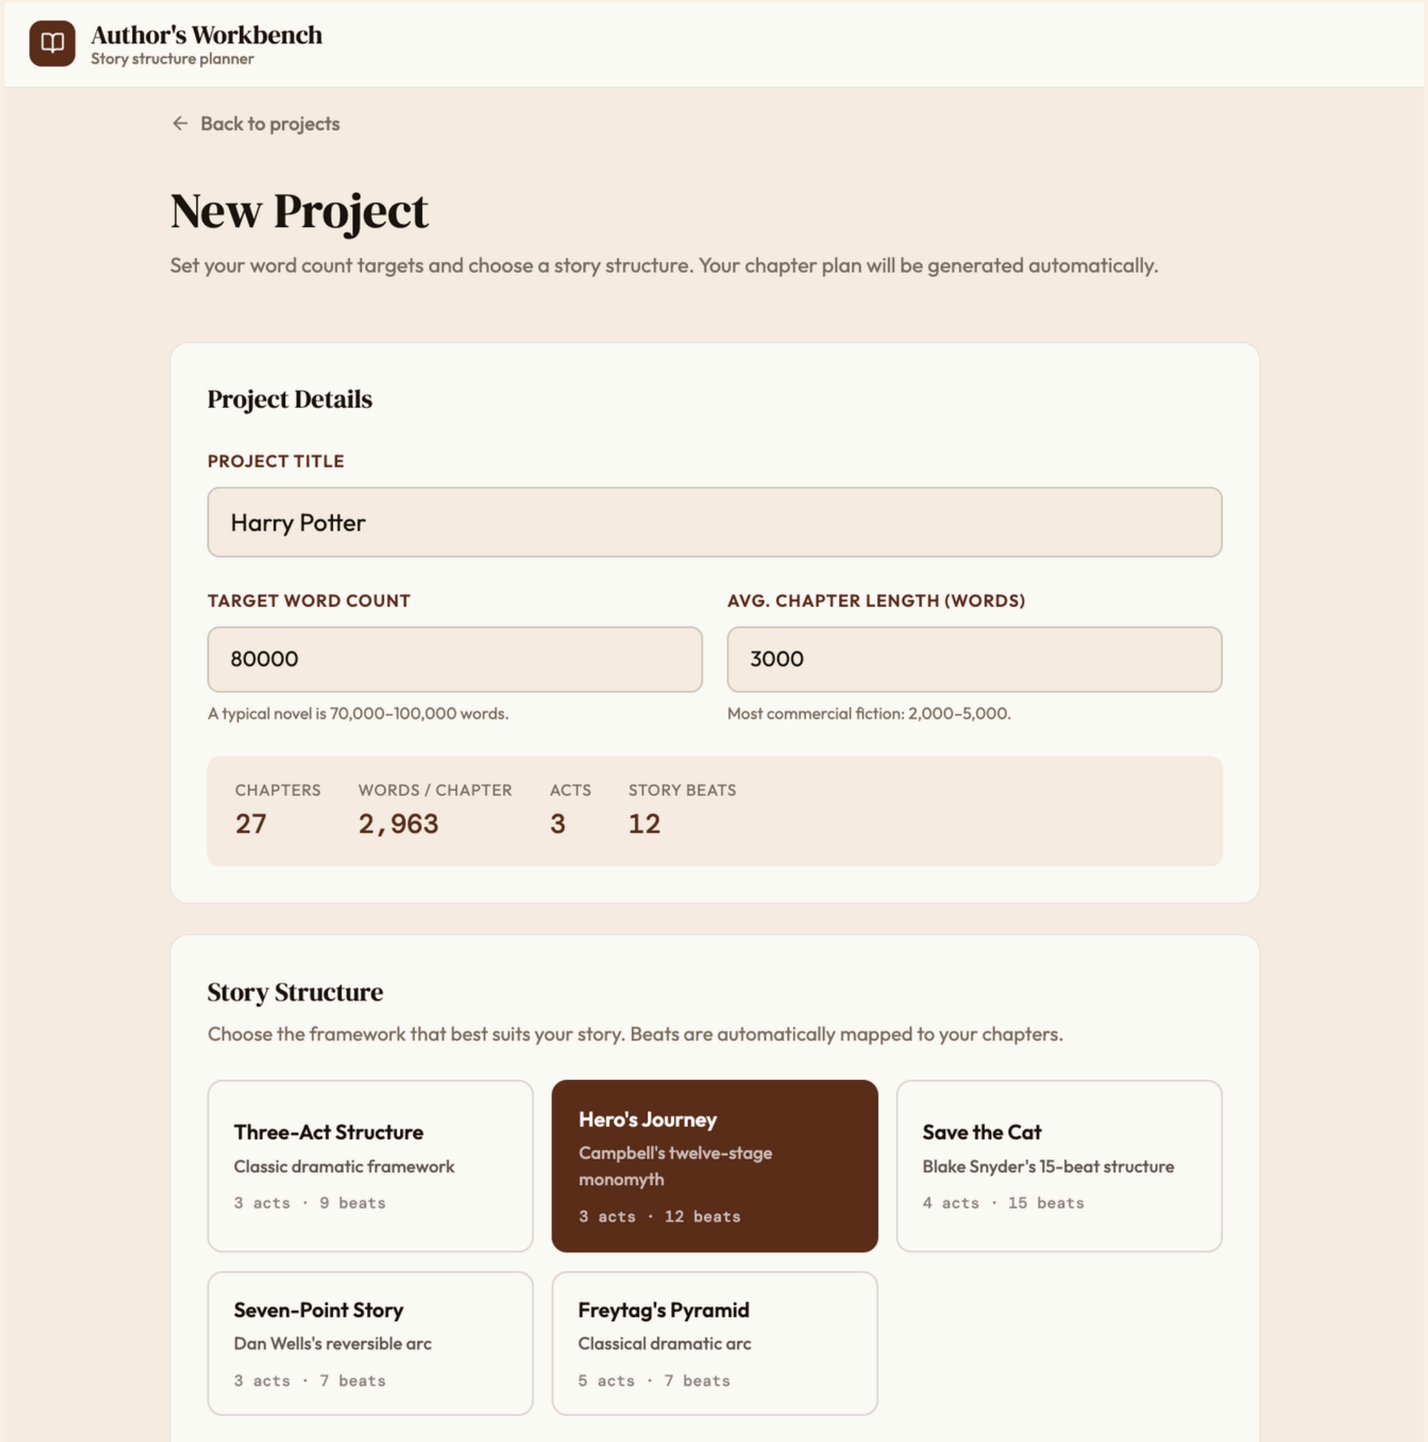

Automatic Mapping Logic

Structure → Percentage Position → Word Position → Chapter Location

STAGE 2: PROTOTYPE WALKTHROUGH
